# INDEX TO VOLUME 14, 1977

**(Titles and Authors)**

## A

A Scheme for Identification of Nonfermentative Gram-Negative Bacteria. Shayegani, M., Lee, A. M. and Parsons, L. M. . . . . 83

A Study of Cytomegalovirus, Epstein-Barr Virus and *Herpesvirus hominis* (types 1 and 2) Antibody in Institutionalized and Non-Institutionalized Children. McMillan, B. C., Golubjatnikov, R., Hanson, R. P. and Sinha, S. K. . . . . 261

Acriflavine Violet Red Bile Agar for the Isolation of *Klebsiella*. Fung, D. Y. C. and Niemiec, M. . . . . 273

An Analysis of Cost Studies Performed in Public Health Laboratories. Elwell, G. R., Lawton, H. L. and Duncan, C. R. . . . . 140

## B

Bacterial Gram Staining by Conventional and Strip Methods. Burdash, N. M., Bennett, C. E., and Glassman, A. B. . . . . 282

Baertschy, D., Golubjatnikov, R., Steadman, M. and Inhorn, S. L. Serologic Study of Specimens with Borderline FTA-ABS Test Reactivity . . . . . 177

Barbeau, W. E. et al. The Effect of *Candida Albicans* on the Isolation of *N. Gonorrhoeae* . . . . . 95

Bauer, C. E. et al. Qualitative Evaluation of Macroscopic Flocculation Tests for Syphilis . . . . . 269

Bennett, C. E. et al. Bacterial Gram Staining by Conventional and Strip Methods . . . 282

Berry, H. K. Screening for Metabolic Disorders among High Risk Infants and Children . . . . . 183

Bond, W. W., Petersen, N. J. and Favero, M. S. Viral Hepatitis B: Aspects of Environmental Control . . . . . 235

Book Reviews . . . . . 44, 145, 229

Borchardt, K. A. and Gibson, J. Comparison of Enteric Identification Systems . . . 5

Brown, W. J. Stability of Working Reagents for the Modified Rapid Fermentation Test (MRFT) . . . . . 172

Buccowich, J. et al. Comparative Study of Antistreptolysin O, Antideoxyribonuclease B and Multi-Enzyme Tests in Streptococcal Infections . . . . . 284

Burdash, N. M., Bennett, C. E. and Glassman, A. B. Bacterial Gram Staining by Conventional and Strip Methods . . . . . 282

## C

Cabelli, V. et al. The Effect of Oxidase Positive Bacteria on Total Coliform Density Estimates . . . . . 117

Carlson, D. J. Cost Effectiveness of Laboratory Improvement Programs: The Viewpoint from the Private Sector . . . . . 199

Characteristics of a Live Avian Influenza Virus. Merritt, S. N. and Maassab, H. F. . 122

Cohen, J. R., Fuller, R. C. and Litsky, W. Pigment Analysis in the Identification of "Flavobacteria" . . . . . 107

Comparative Study of Antistreptolysin O, Antideoxyribonuclease B and Multi-Enzyme Tests in Streptococcal Infections. Golubjatnikov, R., Koehler, J. E. and Buccowich, J. . . . . 284

Comparison of Enteric Identification Systems. Borchardt, K. A. and Gibson, J. . . . 5
Comparison of Methods for Rapid Immunofluorescent Staining of Group A Streptococci and *Neisseria gonorrhoeae*. Quraishi, M. A. H., Washington, W. and Rosenthal, S. L. . . . 279
Comparison of Zinc Protoporphyrin and Free Erythrocyte Protoporphyrin in Whole Blood. Joselow, M. M. and Flores, J. . . . 126
Cost Effectiveness of Laboratory Improvement Programs: The Viewpoint from the Private Sector. Carlson, D. J. . . . 199

D

Daly, J. J., Matthews, H. M. and Farris, H. E. Jr. Evidence against Gastrointestinal Pseudoparasitism by the Land Planarian, *Bipalium Kewense* Moseley 1878 . . . . 39
Daniels, K. C. and Ferneyhough, H. S. Specific Direct Fluorescent Antibody Detection of *Treponema pallidum* . . . 164
Diggs., L. W. et al. Primary Laboratory Medicine . . . 291
Diggs, W. W. and Diggs, L. W. Primary Laboratory Medicine . . . 291
Doege, K. J., Victor, F. M., Bauer, C. E. and Morse, C. D. Qualitative Evaluation of Macroscopic Flocculation Tests for Syphilis . . . 269
Dufour, A. et al. The Effect of Oxidase Positive Bacteria on Total Coliform Density Estimates . . . 117
Duncan, C. R. et al. An Analysis of Cost Studies Performed in Public Health Laboratories . . . 140

E

Effect of Standards Enforcement on Laboratory Performance. Sheinbach, G. . . . 224
Elwell, G. R., Lawton, H. L. and Duncan, C. R. An Analysis of Cost Studies Performed in Public Health Laboratories . . . 140
Evaluation of a New Gonorrhea Culture Detection System—Microcult G.C. Lewis, J. S. . . . 22
Evidence Against Gastrointestinal Pseudoparasitism by the Land Planarian, *Bipalium Kewense* Moseley 1878. Daly, J. J., Matthews, H. M. and Farris, H. E. Jr. . 39
Experience with a Microscopic Screening Program for Sputum Specimens. Porschen, R. K. . . . 17

F

Farris, H. E. Jr. et al. Evidence Against Gastrointestinal Pseudoparasitism by the Land Planarian, *Bipalium Kewense* Moseley 1878 . . . 39
Favero, M. S. et al. Viral Hepatitis B: Aspects of Environmental Control . . . 235
Feeley, J. C. et al. *Yersinia enterocolitica*: A Review of the Bacterium and Recommended Laboratory Methodology . . . 253
Ferneyhough, H. S. et al. Specific Direct Fluorescent Antibody Detection of *Treponema pallidum* . . . 164
Filter Paper-disc Method for the Determination of Zinc Protoporphyrin in Blood. Joselow, M. M. and Flores, J. . . . 129
Flores, J. et al. Comparison of Zinc Protoporphyrin and Free Erythrocyte Protoporphyrin in Whole Blood . . . 126

Flores, J. et al. Filter Paper-disc Method for the Determination of Zinc Protoporphyrin in Blood . . . . . 129
Freundlich, L. F. et al. The Clinical Significance of *Acinetobacter* Species . . . . . 194
Fuller, R. C. et al. Pigment Analysis in the Identification of "Flavobacteria" . . . . 107
Fung, D. Y. C. and Niemiec, M. Acriflavine Violet Red Bile Agar for the Isolation of *Klebsiella* . . . . . 273

## G

Gibson, J. et al. Comparison of Enteric Identification Systems . . . . . 5
Glassman, A. B. et al. Bacterial Gram Screening by Conventional and Strip Methods . . . . . 282
Golubjatnikov, R. et al. A Study of Cytomegalovirus, Epstein-Barr Virus and *Herpesvirus hominis* (types 1 and 2) Antibody in Institutionalized and Non-Institutionalized Children . . . . . 261
Golubjatnikov, R., Koehler, J. E. and Buccowich, J. Comparative Study of Antistreptolysin O, Antideoxyribonuclease B and Multi-Enzyme Tests in Streptococcal Infections . . . . . 284
Golubjatnikov, R. et al. Serologic Study of Specimens with Borderline FTA-ABS Test Reactivity . . . . . 177
Greenwood, J. R., Pickett, M. J., Martin, W. J. and Mack, E. G. *Haemophilus vaginalis (Corynebacterium Vaginale)*: Method for Isolation and Rapid Biochemical Identification . . . . . 102

## H

*Haemophilus vaginalis (Corynebacterium Vaginale)*: Method for Isolation and Rapid Biochemical Identification. Greenwood, J. R., Pickett, M. J., Martin, W. J. and Mack, E. G. . . . . 102
Hanson, R. P. et al. A Study of Cytomegalovirus, Epstein-Barr Virus and *Herpesvirus hominis* (types 1 and 2) Antibody in Institutionalized and Non-Institutionalized Children . . . . . 261
Highsmith, A. K., Feeley, J. C. and Morris, G. K. *Yersinia enterocolitica*: A Review of the Bacterium and Recommended Laboratory Methodology . . . . . 253
Hildebrand, R. L. et al. Radioimmunoassay of Urinary Free Cortisol . . . . . 133

## I

Inhorn, S. L. et al. Serologic Study of Specimens with Borderline FTA-ABS Test Reactivity . . . . . 177
Inhorn, S. L. et al. Wisconsin's Laboratory Evaluation and Certification Program . 206
Intersociety Committee (ISC) Methods of Air Sampling and Analysis
Arsenic, Selenium and Antimony in Urine and Air—Analytical Method by Hydride Generation and Atomic Absorption Spectroscopy . . . . . 53
N-Nitrosodimethylamine in Ambient Air—Analytical Method . . . . . 59
Preface . . . . . 47
Sulfuric Acid Aerosol in Air by Titration—Mixed Indicator . . . . . 50
Tentative Method of Analysis for Suspended Particulate Matter in the Atmosphere (The Integrating Nephelometer) . . . . . 64

Tentative Method of Analysis for Suspended Particulate Matter in the Atmosphere (The Wind Direction Controlled Air Sampler) . . . . . 68
Tentative Method of Analysis for Wind-Blown Nuisance Particles in the Atmosphere (The Atmospheric Adhesive Impactor) . . . . . 71

## J

Joselow, M. M. and Flores, J. Comparison of Zinc Protoporphyrin and Free Erythrocyte Protoporphyrin in Whole Blood . . . . . 126
Joselow, M. M. and Flores, J. Filter Paper-disc Method for the Determination of Zinc Protoporphyrin in Blood . . . . . 129
Joy, J. W., Van Duser, A. L. and Inhorn, S. L. Wisconsin's Laboratory Evaluation and Certification Program . . . . . 206

## K

Kagan, I. G. and Norman, L. The Laboratory Diagnosis of *Pneumocystis carinii* Pneumonia . . . . . 155
Koehler, J. E. et al. Comparative Study of Antistreptolysin O, Antideoxyribonuclease B and Multi-Enzyme Tests in Streptococcal Infections . . . . . 284
Kusek, J. W. and Ortiz, J. S. Significant Bacteriuria among the Mentally Retarded. Identification and Antibiotic Sensitivity of Isolates . . . . . 11

## L

Laboratory Confirmation of an Outbreak of *Clostridium perfringens* Food Poisoning. Schiemann, D. A. . . . . 35
LaMotte, L. C. Jr. The Impact of Laboratory Improvement Programs on Laboratory Performance—CLIA 67 Experience . . . . . 213
Lawton, H. L. et al. An Analysis of Cost Studies Performed in Public Health Laboratories . . . . . 140
Lee, A. M. et al. A Scheme for Identification of Nonfermentative Gram-Negative Bacteria . . . . . 83
Leonard, D. et al. The Effect of *Candida Albicans* on the Isolation of *N. Gonorrhoeae* . . . . . 95
Lewis, J. S. Evaluation of a New Gonorrhea Culture Detection System—Microcult G.C. . . . . 22
Litsky, W. et al. Pigment Analysis in the Identification of "Flavobacteria" . . . . . 107
Lupo, L., Strickland, E., Dufour, A. and Cabelli, V. The Effect of Oxidase Positive Bacteria on Total Coliform Density Estimates . . . . . 117

## M

Maassab, H. F. et al. Characteristics of a Live Avian Influenza Virus . . . . . 122
Mack, E. G. et al. *Haemophilus vaginalis (Corynebacterium Vaginale)*: Method for Isolation and Rapid Biochemical Identification . . . . . 102

Maniar, A. C. *Neisseria gonorrhoeae* Identification in Carbohydrate Medium Containing Guinea Pig Serum . . . . . 26
Martin, W. J. et al. *Haemophilus vaginalis (Corynebacterium Vaginale)*: Method for Isolation and Rapid Biochemical Identification . . . . . 102
Matthews, H. M. et al. Evidence Against Gastrointestinal Pseudoparasitism by the Land Planarian, *Bipalium Kewense* Moseley 1878 . . . . . 39
McMillan, B. C., Golubjatnikov, R., Hanson, R. P. and Sinha, S. K. A Study of Cytomegalovirus, Epstein-Barr Virus and *Herpesvirus hominis* (types 1 and 2) Antibody in Institutionalized and Non-Institutionalized Children . . . . . 261
Merritt, S. N. and Maassab, H. F. Characteristics of a Live Avian Influenza Virus . 122
Morris, G. K. et al. *Yersinia enterocolitica*: A Review of the Bacterium and Recommended Laboratory Methodology . . . . . 253
Morse, C. D. et al. Qualitative Evaluation of Macroscopic Flocculation Tests for Syphilis . . . . . 269

## N

*Neisseria gonorrhoeae* Identification in Carbohydrate Medium Containing Guinea Pig Serum. Maniar, A. C. . . . . 26
Niemiec, M. et al. Acriflavine Violet Red Bile Agar for the Isolation of *Klebsiella* . . 273
Norman, L. et al. The Laboratory Diagnosis of *Pneumocystis carinii* Pneumonia . . 155

## O

Ortiz, J. S. et al. Significant Bacteriuria among the Mentally Retarded. Identification and Antibiotic Sensitivity of Isolates . . . . . 11
Ortiz, J. S., Barbeau, W. E. and Leonard, D. The Effect of *Candida Albicans* on the Isolation of *N. Gonorrhoeae* . . . . . 95

## P

Parsons, L. M. et al. A Scheme for Identification of Nonfermentative Gram-Negative Bacteria . . . . . 83
Petersen, N. J. et al. Viral Hepatitis B: Aspects of Environmental Control . . . . . 235
Pettersen, G. R. et al. Recovery of *Chlamydia* and Genital *Mycoplasma* Transported in Sucrose Phosphate Buffer and Urease Color Test Medium . . . . . 30
Pickett, M. J. et al. *Haemophilus vaginalis (Corynebacterium Vaginale)*: Method for Isolation and Rapid Biochemical Identification . . . . . 102
Pigment Analysis in the Identification of "Flavobacteria." Cohen, J. R., Fuller, R. C. and Litsky, W. . . . . 107
Porschen, R. K. Experience with a Microscopic Screening Program for Sputum Specimens . . . . . 17
Primary Laboratory Medicine. Diggs, W. W. and Diggs, L. W. . . . . 291

## Q

Qualitative Evaluation of Macroscopic Flocculation Tests for Syphilis. Doege, K. J., Victor, F. M., Bauer, C. E. and Morse, C. D. . . . . 269

Quraishi, M. A. H., Washington, W. and Rosenthal, S. L. Comparison of Methods for Rapid Immunofluorescent Staining of Group A Streptococci and *Neisseria gonorrhoeae* . . . . . 279

## R

Radioimmunoassay of Urinary Free Cortisol. Sokoloff, R. L. and Hilderbrand, R. L. 133
Recovery of *Chalmydia* and Genital *Mycoplasma* Transported in Sucrose Phosphate Buffer and Urease Color Test Medium. Smith, T. F., Weed, L. A., Pettersen, G. R. and Segura, J. W. . . . . 30
Rosenthal, S. L. et al. Comparison of Methods for Rapid Immunofluorescent Staining of Group A Streptococci and *Neisseria gonorrhoeae* . . . . . 279
Rosenthal, S. L. and Freundlich, L. F. The Clinical Significance of *Acinetobacter* Species . . . . . 194

## S

Schiemann, D. A. Laboratory Confirmation of an Outbreak of *Clostridium perfringens* Food Poisoning . . . . . 35
Screening for Metabolic Disorders among High Risk Infants and Children. Berry, H. K. . . . . 183
Segura, J. W. et al. Recovery of *Chlamydia* and Genital *Mycoplasma* Transported in Sucrose Phosphate Buffer and Urease Color Test Medium . . . . . 30
Serologic Study of Specimens with Borderline FTA-ABS Test Reactivity. Baertschy, D., Golubjatnikov, R., Steadman, M. and Inhorn, S. L. . . . . 177
Shayegani, M., Lee, A. M. and Parsons, L. M. A Scheme for Identification of Nonfermentative Gram-Negative Bacteria . . . . . 83
Sheinbach, G. Effect of Standards Enforcement on Laboratory Performance . . . . 224
Significant Bacteriuria among the Mentally Retarded. Identification and Antibiotic Sensitivity of Isolates. Kusek, J. W. and Ortiz, J. S. . . . . 11
Sinha, S. K. et al. A Study of Cytomegalovirus, Epstein-Barr Virus and *Herpesvirus hominis* (types 1 and 2) Antibody in Institutionalized and Non-Institutionalized Children . . . . . 261
Smith, T. F., Weed, L. A., Pettersen, G. R. and Segura, J. W. Recovery of *Chlamydia* and Genital *Mycoplasma* Transported in Sucrose Phosphate Buffer and Urease Color Test Medium . . . . . 30
Sokoloff, R. L. and Hilderbrand, R. L. Radioimmunoassay of Urinary Free Cortisol 133
Specific Direct Fluorescent Antibody Detection of *Treponema pallidum*. Daniels, K. C. and Ferneyhough, H. S. . . . . 164
Stability of Working Reagents for the Modified Rapid Fermentation Test (MRFT). Brown, W. J. . . . . 172
Steadman, M. et al. Serologic Study of Specimens with Borderline FTA-ABS Test Reactivity . . . . . 177
Strickland, E. et al. The Effect of Oxidase Positive Bacteria on Total Coliform Density Estimates . . . . . 117

## T

Tentative Program, Laboratory Section 105th Annual Meeting . . . . . 231
The Clinical Significance of *Acinetobacter* Species. Rosenthal, S. L. and Freundlich, L. F. . . . . 194

The Effect of *Candida Albicans* on the Isolation of *N. Gonorrhoeae*. Ortiz, J. S., Barbeau, W. E. and Leonard, D. . . . . 95
The Effect of Oxidase Positive Bacteria on Total Coliform Density Estimates. Lupo, L., Strickland, E., Dufour, A. and Cabelli, V. . . . . 117
The Impact of Laboratory Improvement Programs on Laboratory Performance—CLIA 67 Experience. LaMotte, L. C. Jr. . . . . 213
The Laboratory Diagnosis of *Pneumocystis carinii* Pneumonia. Kagan, I. G. and Norman, L. . . . . 155

V

Van Duser, A. L. et al. Wisconsin's Laboratory Evaluation and Certification Program . . . . . 206
Victor, F. M. et al. Qualitative Evaluation of Macroscopic Flocculation Tests for Syphilis . . . . . 269
Viral Hepatitis B: Aspects of Environmental Control. Bond, W. W., Petersen, N. J. and Favero, M. S. . . . . 235

W

Washington, W. et al. Comparison of Methods for Rapid Immunofluorescent Staining of Group A Streptococci and *Neisseria gonorrhoeae* . . . . . 279
Weed, L. A. et al. Recovery of *Chlamydia* and Genital *Mycoplasma* Transported in Sucrose Phosphate Buffer and Urease Color Test Medium . . . . . 30
Wisconsin's Laboratory Evaluation and Certification Program. Joy, J. W., Van Duser, A. L. and Inhorn, S. L. . . . . 206

Y

*Yersinia enterocolitica*: A Review of the Bacterium and Recommended Laboratory Methodology. Highsmith, A. K. Feeley, J. C. and Morris, G. K. . . . . 253
